# How to Load a Program

To load a program from the disk, follow this procedure:

1. Turn on your TV or monitor, disk drive, and Commodore 64. Make sure you do it in that order.
2. Place the disk in the disk drive with the label up and closest to you.
3. Select the name of the program you wish to use from the directory listing on the previous page (e.g., **MATH**).
4. Type **LOAD"MATH",8** and press **RETURN**.
5. When the disk drive light goes out, the program has been loaded. You will see **READY** on your TV or monitor screen. Type **RUN** and press **RETURN** to run the program.

If the computer is on, you may load and run other programs by following steps 3 through 5 in the above procedure.
